### RESTORE OPTIONS

**What You Want**  
Pick what data you want to restore - a single file, a folder, a set of random files, or all your files. 

**When You Want**  
Still in a trial and haven't finished your first online backup? No problem - you can test a restore at any time. 

**Where You Want**  
Access your files from any web browser anywhere. Backed up a PC? Restore to a Mac. And visa-versa. 

**Restore Previous Versions**  
Backblaze keeps up to four weeks of file versions. Just scroll back to see older files. 

**How You Want**  
Download any files you need over the Internet for free. Or order your files on a Flash Key(\$99) or USB drive (\$189).
