

family **me**

where family stories *grow*

Family.me is a private social network where families build their family tree and share stories with loved ones.

[www.family.me!](http://www.family.me)

www.family.me

Be sure to visit our booth #333 to view a demo and sign up!

Collaborate with your Family

Two memories are better than one. Grow your family tree together through dialogue, collaboration, and story. Keep it alive for future generations to come.

Discover your untold story

Leave the heavy lifting to us. With the access to millions of records including marriage, birth, death, military, etc. your family history is just a few clicks away.

Grow Together

Collaborate and have fun with your family. Post photos, videos, and stories through your tree.
