

The background of the top half of the page is a soft-focus image of autumn leaves in shades of yellow, orange, and red, with some tree branches visible. The text is overlaid on this background.

GenMerge

The Genealogy Merge Utility

**TIRED OF SPENDING HOURS MANUALLY MERGING NEW
INFORMATION INTO YOUR GENEALOGY?**

You need GenMerge!

Let GenMerge find all the duplicates quickly, so you can focus on REAL genealogy issues.

- Use GenMerge to find and merge duplicates AUTOMATICALLY.
- GenMerge always produces a new output file. Your original data is UNCHANGED.
- Output includes a DETAILED report of all records merged.
- Initial processing shows any ERRORS like loops and birth year inconsistencies.
- GenMerge is FAST. Use it again and again.

Whether you are working on your family data with your sister or downloading hundreds of GEDCOM files from internet sites to search for possible additions to your family data, GenMerge can help you quickly evaluate family data for quality and duplication. You can easily add new data to your family database or evaluate the overlap between new data files.

Try GenMerge for 10 days, FREE!
